Liddell, of Charlotte, chairman, at a meeting here to-day served notice on the Raleigh Savings Bank and other occupants of buildings to give place to the new temple, that they must vacate as early as possible as the work on the new temple must begin as early in the spring as the weather will permit. All preliminary arrangements were made to-day for bids to be received and the contract awarded without delay. It is their desire to have the new temple ready to hold their annual session January, 1906, in the new temple.

SERIOUSLY INJURED.
(Special to The Times-Dispatch.)
SPRING, N. C., Dec. 12.—Mr. Thomas T. Stewart, one of the foremen on the Southern Railway wrecking crew, which is operated from Spencer, was severely injured in a collision with a wrecking train between North Carolina Railroad Friday night in consequence of which he is now confined to his home here. The train was one of the cars in the wrecking train being derailed. Mr. Stewart jumped from the derrick, on which he was riding and is thought struck against the iron work of the bridge, which the train was approaching at a speed of about 20 miles per hour. The worst injuries are about the head, face and arms, but these are thought to be only temporary. Though one of the trucks was off the track, the train crossed the bridge without further derailment.

THE DELINEATOR FOR JANUARY.
With a most attractive cover and a varied list of contents, including the latest news of the fashions and literary and artistic features of the greatest value, The Delineator for January is an altogether excellent number. The regular fashion display is supplemented by a strikingly illustrated article on "The Stage as a School of Costume," showing the close relations that exist between the theatre and the world of style. Herbert D. Ward and Bonanza MacManus contribute to stories of rare charm, and under the pseudonym "Marie Columbian" a very clever writer describes the "smart set" in Washington society. "Jesus, Lover of My Soul," the first paper in a series, by Allen Sutherland giving the history and romance of the famous hymns of the world, and in the "Composers' Series" the love story of Mendelssohn and Cælia is related by Gustav Kobbe. For children there is a wealth of interesting matter, the names of L. Frank Baum and Grace MacGowan Cooke being prominent among the contributors. Among the domestic topics, in addition to the regular features, is the first paper of "The Making of a Housewife," by Isabel Gordon Curtis.

TAKES A MINNEHAHA FOR A HANDMAIDEN

Young Indian Woman of Immense Proportions to Cook for a Bopkish Man.

An Indian maiden was Mr. Wiley's star boarder on yesterday. Clad in a Merri-mae print wrapper and little else beside her modestly modesty, she knocked timidly at the door of the Nineteenth Street Mission. Now, Brother Wiley is not easily rattled, but what to do with this red faced thing from the wilds of Henrico, was beyond him. To be a handmaiden in the great city was her ambition, but the great protector of the poor knew not how to gratify it.
Suddenly he bethought him of a literary man, who delighted in Hylawatha and found pleasure in the voluminous stories of Cooper.
"How would you like an Indian servant girl?" asked Wiley over the phone.
"Best in the world," replied the literary man, picturing Laughing Water and her kind. Down to the mission hastened the man of books, and as he entered, cried:
"Where is my squaw?"
There stood the wild denizen of the forests, nearly six feet of her, and the Merri-mae print wrapper.
The literary man was game, although his faith in Hylawatha was sadly shattered, and Cooper's tales or things to be forgot.
Out to his cozy home, on Chestnut Hill, he took the timid Minnehaha.

NEW POSTAL RATE IS RECOMMENDED

Postmaster-General Makes Annual Report, Showing Prosperous Year.

DEFICIT OF \$8,779,492.36

Increase Resulted From Extension and Maintenance of Rural Free Delivery Service.

(Special to The Times-Dispatch.)
WASHINGTON, D. C., December 12.—The annual report of Postmaster-General Wynne was made public yesterday. It announces a prosperous year for the Department, and makes many recommendations, including a new postage rate on third and fourth-class matter, and packages for rural free delivery. Larger quarters for the Postoffice Department are recommended, and the purchase of the block immediately south of the postoffice building for the erection of an annex is recommended.
The total receipts for the fiscal year were \$18,532,624.34, and the total expenditures \$15,753,131.73, leaving a deficit of \$2,779,492.36. The report, in part, follows:
"In presenting the annual report of the Postoffice Department for the fiscal year ended June 30, 1904, I have pleasure in recording a year of most successful administration. Postal revenues have increased. Salutory changes in the classification of the mails have been carried out, greatly to the benefit of the service. Amendments to regulations facilitating the handling of mercantile packages in bulk have been put into effect. At home and abroad postal facilities have been extended. Exchange of money orders with foreign countries have been simplified and expedited. Parcels post conventions were extended to European countries as an experiment with Germany five years ago. They have been extended to Japan and the British colony at Hong Kong to meet changes of trade conditions in the far East; also to Norway.
Economy and strict accountability have been enforced in all branches of the service. While the so-called deficit of \$2,779,492.36—that is to say, the excess of expenditures over receipts—is greater by \$4,229,447 than for the fiscal year 1903, it must be borne in mind that the expenditure authorized for the extension and maintenance of the rural free delivery service during the past fiscal year was \$4,932,237 greater than the preceding year. RECOMMENDATIONS SUMMARIZED.
For facility of reference the chief recommendations contained in this report requiring action of Congress to give them effect are here summarized:
That proper legislation be enacted to acquire the title of block No. 324, in the city of Washington for the purpose of erecting an annex to the Postoffice Department building.
An amendment to existing law so as to provide for the termination of official bonds of postoffice officials.
That third and fourth class mail matter be consolidated at the rate of postage now paid on third class mail matter—1 cent for each ounce.
That consideration be given to the recommendation that Congress fix a rate of 3 cents per pound or any fractional part thereof on packages not exceeding 5 pounds mailed at the distributing post-office of any rural free delivery route for delivery to a patron on said route. This to apply only to packages deposited at the local postoffice for delivery to patrons on routes emanating from that office and not to mail transmitted from one office to another.
That the interstate commerce law be amended to prohibit telegraph and express companies, or any of their employees, from aiding or abetting in the green goods or lottery swindles or any other scheme carried on partly by mail and partly by common carrier, in violation of the postal laws.
That the office of the Assistant Attorney-General for the Postoffice Department be made presidential, and the salary attached thereto increased to \$5,000 per annum.
That the appropriation of \$5,000, provided for the publication of the opinions of the assistant attorney-general of the Postoffice Department be increased to \$15,000.
